

CORBY
Of WINDSOR

IRONING COLLECTION

Electricals for the hotel guest room

RELAX, IT'S COVERED

With decades of experience in designing and manufacturing electrical products for the hotel industry, we understand what is required for our customers. Our products are designed specifically to withstand the conditions of hotel and hospitality use. Our customers understand that the value is best analysed over the cost of a product's whole life cycle. Our 3 year electrical guarantee supports this philosophy.

3 Year Guarantee

3 Year Electrical Guarantee applies to all mains operated electrical items. For Terms and Conditions visit www.corbyofwindsor.com

Oxford Ironing Centre

Introducing the new dark grey cover to our Corby of Windsor Ironing Collection.

SAFE & SECURE

All Corby of Windsor irons are programmed to have a 3-way cut-off feature, so hoteliers have peace of mind if an iron is left unattended. The iron will simply switch off after 30 seconds if left horizontally or 8 minutes if left vertically.

Our all-in-one Ironing centres are a great example of form and function. Everything you need to iron is attached to the centre, making ironing safe and convenient. Each centre is fitted with an anti-theft device to help prevent irons from being stolen.

3 WAY CUT-OFF FEATURE

The Sherwood iron collection is programmed with a 3-way cut-off, designed to keep both guests and hoteliers safe if an iron is left unattended.

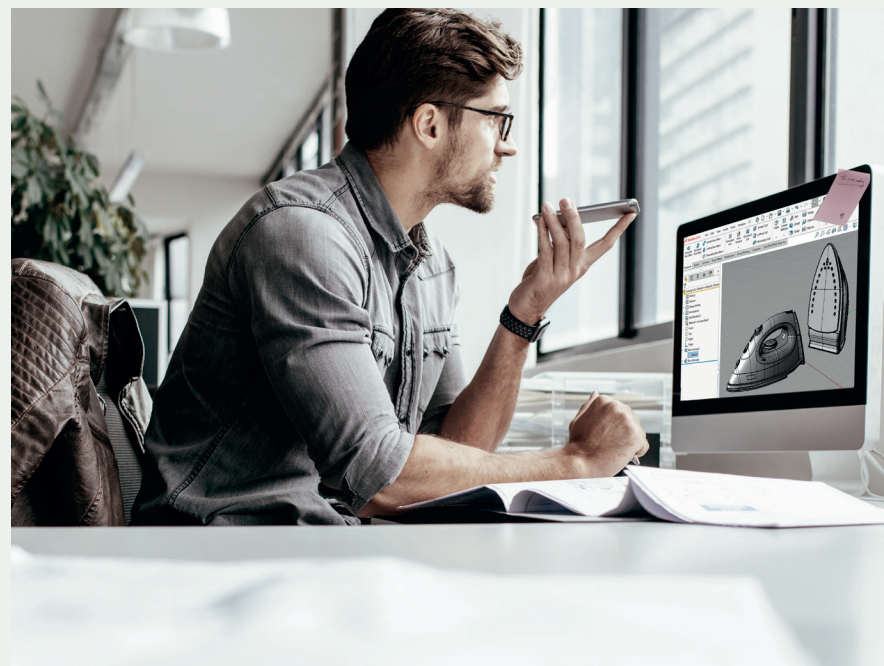

ANTI-THEFT FEATURE

All Corby of Windsor Ironing centres are fitted with an anti-theft device to help prevent irons being stolen.

Sherwood Steam Irons

Our steam irons have a stainless steel soleplate that will never lose its coating, perfect for smooth ironing.

Designed for Hotels

The Corby of Windsor product development team specialise in producing high-end hotel electrical products; that not only look great but offer each guest a seamless ironing experience.

ENGINEERED TO LAST

Our products are designed by our UK-based product development team, whom collaborate with international engineers on all aspects of construction, materials and 'life testing' to ensure we have the best possible offering in terms of value and serviceability.

Durable Iron Holder

All Corby of Windsor ironing centres include a durable iron holder which is strong and adjustable to suit both left and right handed users.

IRONING MADE SIMPLE

We know that space is key to any guest room. With over 200 combinations, Corby of Windsor will have a space saving solution for any setting.

Variety of Ironing Board Sizes

Corby of Windsor have a range of aluminised ironing boards to suit a wide range of hotel spaces.

Cable Tidy

Designed with a handy storage system to keep cables out of view, giving both guests & housekeepers a better product experience.

Oxford Premium Ironing Centre

The perfect combination of style and functionality for hotel guest room garment care.

SWING INTO ACTION

Originally invented by Corby of Windsor, the 180° iron holder has set the standard in guest room ironing. We have evolved all of our ironing centres to be effortless to use as well as space-saving. We have also revolutionised the manufacturing process for this, reducing the total number of parts required and completely removing the need for chrome plating.

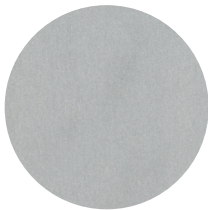

180° ROTATION

TAILOR MADE SOLUTIONS

Corby of Windsor has been manufacturing quality garment care products since 1930. Our specialised range of hotel electricals & accessories is ever-evolving alongside styles & trends we see around the world, which is why we are confident we can accommodate any guest room environment.

FUNCTION MEETS STYLE

Functionality & durability are the fundamental requirements of a successful product. With the shift within interior design styles leaning towards open closet spaces, our products must look as good as the room. Our in-house design team have worked with architects, interior designers and furniture manufacturers to create an attractive and versatile range of products designed for hotels.
