MINIBAR COLLECTION

Electricals for the hotel guest room

TAKE IT EASY

As a supplier of some of the world's finest hotels, **Corby of Windsor** understand that relaxation and functionality are key to any high-end hotel stay. The Eton Minibar Collection was specifically designed to include silent technology and fit a variety of spaces, ensuring your guests receive a good night's rest every time.

3 Year Guarantee

A 3 Year Electrical Guarantee applies to all mains operated electrical items. For Terms and Conditions visit www.corbyofwindsor.com

Peltier Silent Technology

Eton Minibars were designed to incorporate state of the art Peltier Silent Technology to ensure that guests have a restful stay.

Eton E Minibar

The new **Eton E** is one of the highest energy rated (B) minibars on the market.

SIMPLISTIC INNOVATION

The Eton E Minibar was designed to maximise space within the minibar and the hotel guest room. Designed with an efficient cooling system and innovative internal shelf, maximising both efficiency & space within this small but mighty minibar.

Eton E Minibar

Designed with an innovative shelf design that maximises the internal space, ensuring space to store a variety of beverage and snack options, including a 1 litre bottle of water.

MINDFUL DESIGN

Corby of Windsor designed the Eton Minibars Collection with style, safety and functionality in mind.

Lockable Solid Door Minibar
All the solid door **Eton Minibars** are lockable for additional security and peace of mind for all guests.

Eton 20L SD Minibar
Designed with multiple shelves that can be reconfigured to best suit your minibar products.

EMBRACING ELEGANCE

Embrace the best of guest room hospitality with the modern elegance of the **Eton Minibar** collection. Corby of Windsor minibars have a modern & clean aesthetic which creates a high quality hospitality experience to suite a variety of guest room spaces.

Low E Glass

Low - emissivity glass has a special coating designed to reflect heat back into the room, making **Eton Minibars** extra cold.

Eton 40L Minibar

The **40L Solid Door Minibar** is the largest minibar in the Corby range; it's the perfect solution for larger guest suites. It is suitable for free-standing use or can be integrated into hotel furniture.

Adjustable Cooling Technology

Eton minibars have an adjustable dial on the rear, allowing hoteliers to set the desired temperature of the contents.

Flexible Design

All Eton minibars accommodate left and right door opening to suit most guest room layouts.

THE ART OF FLEXIBILITY

The **Eton Minibar** solid door collection includes three solid door minibars which are all available with brackets for a sleek integrated look into any hotel guest room.

Eton 35L Minibar

Designed with sliding door brackets to integrate seamlessly into various guest room layouts.

MINIBARS

A minibar is one of life’s guest room luxuries, essential for short stays, enjoying a perfectly chilled drink whilst working or relaxing with friends.
